# NERO®

**NERO Toothpaste will restore the white of your teeth** thanks to the absorbent properties of **charcoal** and clays and their strong cleaning action.

With the help of **Helichrysum Oil**, **Lentiscus Oil**, sage, tea tree and neem contained in it, Nero can guarantee the health of the whole mouth. This toothpaste acts against bacteria and leaving your smile **incredibly white and clean**.

## HOW TO USE

Spread the product on all teeth without wetting the toothbrush and mouth before. Brush accurately and leave to act 30 seconds, then rinse.

# NERO<sup>®</sup>

il collutorio  
senza risciacquo

**Nero Mouthwash** is unique because it **don't need to rinse**.

You can bring it with you and you can use it **every moment you want**. The innovative formula is based on Helichrysum Oil and Lentiscus Oil. These ingredients can guarantee the perfect cleanliness and hygiene of the mouth even when you are away from home and don't have your toothbrush with you, giving you **fresh breath for a long time**.

Two or three sprays after meals or after brushing your teeth.

#### HOW TO USE

Two sprays on the tongue and two directly on the teeth, after meals, after dental cleaning or if necessary.

# BIANCO

di NERO

**BIANCO** is the toothpaste that takes care of your smile giving you an **incredible freshness**.

**Thanks to the power of clays**, it will restore your teeth to their original splendor and their natural brilliance.

Helichrysum Oil, Lentiscus Oil, sage, tea tree and neem can guarantee the health of your mouth, especially **against Streptococcus Mutans and Candida Albicans**, the bacteria responsible for the tooth decay.

#### HOW TO USE

Spread the product on all teeth without wetting the toothbrush and mouth before. Brush accurately and leave to act 30 seconds, then rinse.
